Siemens, headquartered in Berlin and Munich, is one of the world's largest electrical engineering and electronics companies. Siemens provides innovative technologies and comprehensive know-how to benefit customers in 190 countries. Founded more than 150 years ago, the company is active in the areas of Information and Communications, Automation and Control, Power, Transportation, Medical, and Lighting.

In particular we have direct contact with Siemens IT solutions and services in the Netherlands and their corporate and research technologies unit in Munich, Germany.
