The University of Strathclyde has PhD position and Masters/MSc course openings in Quantum Information and Coherence.

The PhD position funding is primarily for EU/UK citizens. The Masters courses may have limited funding available depending upon nationality.

There are no formal deadlines, but early application is advisable for 2012 entry, as the PhD positions will be filled as soon as appropriate candidates are identified, and the Masters courses require visa and language certificates.

Please see http://phys.strath.ac.uk/postgrad/opt_cnqo.php [3] for information on possible PhD topics.

For information on the MSc please see http://phys.strath.ac.uk/postgrad/msc_quantum.php [4] .
