

Arbeitsgruppe Hanggi

Thu, 2010-03-11 18:11 - [Lukas Theussl](#) [1] **Website:**
<http://www.physik.uni-augsburg.de/theo1/> [2]

Research Type: Theory

Theory of quantum information, decoherence, decoherence control, driven quantum systems, adiabatic quantum computation, superconducting qubits, circuit quantum electrodynamics, quantum transport

Leader: Peter Hänggi

Location

Institut für Physik, Universität Augsburg Universitätsstr. 1
Augsburg D-86135 Germany
48° 19' 57.7344" N, 10° 53' 46.0896" E
