

Quantum Optics Group at the Weizmann Institute

Mon, 2010-04-12 08:44 - [Lukas Theussl](#) [1] **Website:**

<http://www.weizmann.ac.il/chemphys/gershon/> [2]

Research Type: Theory

quantum optics , ultracold atom interactions with lasers ,decoherence control, entanglement control , cavity QED , quantum complex systems

Leader: Prof. Gershon Kurizki

Location

The Weizmann Institute of Science Rehovot 76100 Israel
