

## PostDoc in Quantum Information at UAB

Tue, 2015-06-23 11:01 - [John Calsamiglia](#) [1] **At:** Quantum Information Group (GIQ)

**Deadline:** 10 September, 2015

### Location

Quantum Information Group (GIQ) Barcelona Spain  
41° 23' 6.2304" N, 2° 10' 24.2544" E

The [Quantum Information Group](#) [2] (GIQ) of the Universitat Autònoma de Barcelona, UAB, offers a postdoctoral position within the project RaRQIP (Resources and Restrictions in Quantum Information Processing) funded by the 'Programa Estatal de Fomento de la Investigación Científica y Técnica de Excelencia'. The appointment will be for a one year term, (possibly) renewable for a second year.

The successful candidate will work along four possible research tracks: i) Quantum Statistical Inference; ii) Entanglement and quantum correlations in high-dimensional (and thermal) systems; iii) Quantum Shannon Theory; iv) Assessing quantumness. A background in at least one of these areas is desirable.

Interested applicants should send a CV along with a one or two page statement of purpose and arrange for two or three letters of recommendation to be sent to: Ramon [dot] Munoz [at] uab [dot] cat or John [dot] Calsamiglia [at] uab [dot] cat.

Proposed start of appointment: In Fall of 2015.  
CLOSING DATE: 10 September 2015.
