

Photonic Crystals Group

Fri, 2016-03-18 13:29 - [Cefe López](#) [1] **Website:**
<http://luxrerum.org> [2]

Research Type: Experiment

- Materials synthesis and processing

Selfassembly and templating

- Optical properties of materials

Linear and nonlinear

Light generation and detection

- Photonic crystals

Photonic band gaps

Order and disorder in photonic structures

- Random lasers

Leader: Cefe López

Location

Instituto de Ciencia de Materiales de Madrid (ICMM) Sor Juana Inés de la Cruz
Madrid Spain
40° 32' 34.0476" N, 3° 41' 25.1736" W
