

## Quantum optics lab

Mon, 2016-10-03 16:58 - [Milena D'Angelo](#) [1]

We carry on both theoretical and experimental research in:

- quantum imaging
- correlation plenoptic imaging
- high-order interferometry
- quantum and classical correlations
- foundation of quantum physics

**Leader:** Augusto Garuccio

### Location

Physics Dept. - University of Bari Via Amendola 173  
Bari 70126 Italy  
41° 6' 31.5504" N, 16° 53' 4.7148" E

- [Quantum Metrology, Sensing and Imaging](#) [2]
