

QUCHIP

Sat, 2016-10-08 18:24 - [Roberto Osellame](#) **Full Name:** Quantum Simulation on a Photonic Chip

Coordinator: Fabio Sciarrino

Website:

<http://www.quchip.eu/>

Running time: 2015-03-01 - 2018-02-28

QUCHIP - Quantum Simulation on a Photonic Chip is a FET-ProActive project funded under the call FETPROACT-3-2014: Quantum simulation.

The goal of QUCHIP is to study applications of quantum walks in simulating quantum phenomena.

QUCHIP involves 9 European Universities and Research Centres from 5 different European countries.
