Attractive PhD Stipends in Mathematics at the University of Copenhagen The starting date for the stipends is the spring or fall of 2017. The application and all supporting documents must be submitted no later than December, 11th 2016. PhD stipends are available within the VILLUM Centre of excellence for the Mathematics of Quantum Theory (QMATH) focusing on mathematical physics and quantum information theory. The center offers the possibility to work in close collaboration with theoretical and experimental activities at the Niels Bohr Institute. For more information, please contact Professors Matthias Christandl, Bergfinnur Durhuus, or Jan Philip Solovej.
