

# Postdoctoral positions on Nanomechanical Quantum Sensors

Thu, 2018-09-27 11:25 - [Albert Schliesser](#) [1] **At:** Niels Bohr Institute  
**Deadline:** 15 October, 2018

## Location

Niels Bohr Institute Copenhagen Denmark  
See map: [Rejseplanen](#) [2]

The Quantum Optomechanics group at the Niels Bohr Institute of the University of Copenhagen is inviting applications for open PhD and postdoc positions, to advance their research on optomechanical quantum sensors and their application in classical and quantum sensing. For details see <https://employment.ku.dk/faculty/?show=147980> [3] Start: November 15, 2018 or as soon as possible thereafter Contact: Prof. Albert Schliesser Niels Bohr Institute University of Copenhagen albert [dot] schliesser [at] nbi [dot] dk
