Qilimanjaro Quantum Tech, S.L. (Qilimanjaro) is a quantum computing start-up developing a full-stack coherent quantum annealing platform with cloud access tools to address quantum and hybrid optimization algorithms. It provides today quantum algorithm services to help organizations become quantum ready, and plans to deliver access to its advanced quantum platform. Qilimanjaro is a spin-off form [IFAE](#) [3], [BSC](#) [4] and [University of Barcelona](#) [5], and was founded in 2019.
